

**BUST CIRCUMFERENCE:**

Slide the tape measure around the bust, passing at the height of the nipples, without tightening too much.

**WAIST CIRCUMFERENCE:**

Slide the tape measure around the narrowest point of the waist, about 2 cm above the navel, without tightening too much.

**HIP CIRCUMFERENCE:**

Slide the tape measure around the hips, on the most protruding part of the butt.

**HEM MEASURE:**

Take the measurement from the waist up the desired height, holding the tape measure along the front side of the leg, as shown in the figure.
